

COMPREHENSIVE WOMEN'S HEALTH
Building healthy relationships.

PEDIATRICIANS

Below is a list of pediatricians associated with HCA FL North Florida Hospital. We recommend that you call the pediatrician's office of your choosing to assure that he or she is seeing new babies.

Circumcisions: Most, but not all, pediatric offices perform circumcisions. If you are interested in circumcising your baby and your pediatrician does not offer this, you can contact either Dr. Benton or Dr. Scaccabarozzi before the birth of your baby to arrange a circumcision while you are in postpartum.

You must verify that your insurance will allow you to see the pediatrician that you choose.

MEDICAID PATIENTS: please choose from the practices indicated with an asterisk*.
